

Submitting Donations

How can my donors make gifts on-line?

Donors can visit your secure personalized fundraising page and can make a gift to you, your team or your event. They will receive an email confirming their contribution. Each gift will appear on your page and help to fill in your fundraising thermometer. Donors can also visit www.bidmc.org/giving

Where do I send my donations?

All donations should be sent to Beth Israel Deaconess Medical Center, Office of Development, 330 Brookline Avenue (BR), Boston, MA 02215. Please label donations with the event name and fund/purpose that money was raised for.

Who should the checks be made payable to?

All checks should be made payable to **"Beth Israel Deaconess Medical Center"**. Please note the name of the event in the memo section on the check

What credit cards does the hospital accept and how can my donor make a credit card donation?

The hospital accepts MasterCard, Visa, American Express and Discover. Be sure to event and fund allocation information with any donation that is submitted. Credit card donations are accepted online at www.bidmc.org/giving

How often should I send donations in?

As often as you like. Donors will look for gifts on their credit card statement or check to see that a check has been cashed so it is a good not to hold on to gifts for too long.

Will my donor receive a gift receipt from the hospital?

Yes, all donors who provide a mailing address for their gift will receive a receipt from Beth Israel Deaconess Medical Center when their gift is processed. We recommend sending a personal thank-you note, postcard, or e-mail to all of your donors as well.

What should I do with cash donations?

In order to provide proper tax crediting information we encourage donors to make gifts online or with a personal check. Cash donations are accepted by the Office of Development, however without each donor's contact information we will be unable to provide tax receipts.
